Hi WOW!,

You're a savior! My 2 kids, ages 2 and 5 make a mess of the back of my car. I used WOW! on the console, inside door panels, vinyl seat backs and windows – now when I clean up, it takes no time. Plain water on a micro-fiber towel does the trick! Now I don't have to worry about obnoxious cleaner smells in the car, or if I'm using something that could harm the kids.

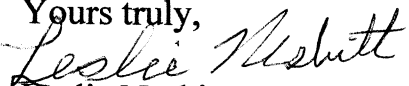

It's nice to be environmentally friendly, but it's great to be mommy friendly! I'll never use anything else again. Thank you for saving me so much time and worry.

I use WOW! to protect all my furniture, cabinets, countertops and bath fixtures too. All my friends hear about your great new product.

Feel free to use my name when you tell about WOW!

Thanks a million.

Yours truly,

Leslie Nesbitt
