

Dear Ted,

My wife tried WOW! On our stainless steel appliances and SHE LOVES IT! We both can't believe how it not only keeps the appliances looking clean and shiny, but also prevents fingerprints. We're are starting to use it all round the house!

My wife is a clean nut so it takes a lot to convince her to try a new product. You sold her on WOW!

Best Regards,

A handwritten signature in black ink, appearing to read "Chris Boyd". The signature is fluid and cursive, with a large initial "C" and a looped "B".
